The following chart is another way to look at your weekly giving and may help you evaluate where you are and where you could be.

To use this chart, find your average annual income on the left and then move to the right to the amount you normally give each week. Are you in the lower, middle or upper giving range? Are you tithing? Are you beyond a tithe?

Annual income	lower giving range			middle giving range			upper giving range			tithe	beyond a tithe

weekly giving based on 52 weeks

Wherever you currently are on this chart, we encourage you to prayerfully consider moving to the right. Can you move up to the next percentage or to the next tier? Consider what God is calling you to do. Are there changes you could make in your life that would enable you to take that step of faith to move to a higher giving level?

No matter what you give, you are honored by God.

What Gift can you commit to providing His church in the coming year?
